

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad cough, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

DANGER SEEN IN RUSSIA'S POSITION

LONDON, Oct. 22.—The parliamentary correspondent of the Sunday Times says that although the importance of the German naval successes in the Gulf of Riga have been greatly exaggerated, the Russian position grows steadily worse and that there is growing fear that there is "need for revision of our financial and other commitments to our eastern ally."

WAR'S LESSON LEARNED

BERNE, Oct. 19.—The war has taught Switzerland that it is a mistake to be too dependent on foreign producers. In order to develop and encourage home manufacturers, the first step is to make consumers familiar with Swiss products. To do this it is proposed to devote a week in every year to exhibitions of Swiss goods, to be held simultaneously in all the Swiss towns and villages.

MANY KILLED BY GERMAN RAIDERS

Nine Merchantmen and Two Destroyers Were Sent to the Bottom.

LONDON, Oct. 22.—One hundred and fifty lives were lost on Wednesday when five Norwegian, one Danish and three Swedish vessels were sunk by two German raiders in the North sea.

The British admiralty statement of Saturday stated that a total of 135 officers and men of the British destroyers Mary Rose and Strongbow were lost when those two vessels were sunk by raiders. The Mary Rose and Strongbow were conveying the merchantmen when the attack occurred.

CHRISTIANIA, Oct. 22.—The afternoon has definitely ascertained that sixteen Norwegians, seventeen Swedes and eighty-seven Englishmen were killed in the convoy action on Wednesday, but advises that the total number probably is much greater. The entire crew of one steamer, consisting of eleven men, were all killed except the captain. Of the crew of the Wikenber only the captain and the third officer were saved and the remaining seventeen are believed to have been killed. Of this number, three were women.

FOOD CONDITIONS IN GERMANY BAD

COPENHAGEN, Oct. 21.—A strongly censored official report of the discussion of the food condition by the budget committee of the Prussian diet, shows that, except for the potato crop, which promises to be satisfactory, the food situation is by no means as rosy as the Swiss towns and villages.

as the government has been trying to paint it. The grain situation is such that only hope, not certainty, could be expressed that the bread supply will last the entire year, and in any case the quality of the bread, for which flour now is milled to 94 per cent of the grain, must be decreased. Conditions have not permitted improvement of the flour by less exhaustive milling. Bread and potatoes will be the bulk of the ration, as the meat allowance will almost certainly be reduced. Milk and butter will be available even in scantier amounts than now, when infants' milk allowance has had to be reduced.

Advices from Budapest say that the prospects for the passage of the cabinet's franchise reform are slight owing to the adverse attitude of Count Andrássy, who has sent a memorial to the king against the measure. The Wekerle cabinet, whose fate is bound up in that of the measure, is thereby placed in a critical position.

BELGIAN LEAVES OGDEN TO STUDY AVIATION

Gilles Verneulve of Ogdan, a naturalized American citizen, but formerly of Belgium, will leave on Wednesday of this week for San Antonio, Tex., to enter the instruction school for the aviation service of the United States. Mr. Verneulve applied for enlistment several months ago, but at that time was not an American citizen, as his second papers of naturalization had not been received. These were granted him, however, a few days ago and he immediately re-applied for enlistment. He was examined and accepted upon second application and has received word to report to San Antonio. He is at present stationed at Fort Douglas but is in Ogdan on a furlough visiting his family and friends.

Relatives in Belgium. The young man's home in Belgium was near Liège and he had several relatives there. No word has been received from these relatives, however, since the outbreak of the war and the Verneulves are inclined to the belief that they have been subjects of German brutality and savagery, perhaps deported, perhaps dead.

Mr. Verneulve has joined the aviation service as mechanic and chauffeur but expects to become an aviator in due time so that he may eventually have the chance of dropping bombs on the heads of the despoilers of his native land.

He says there are six other young men now at Fort Douglas waiting orders to go to San Antonio to enter the aviation service. None of these recruits have been given uniforms or equipment yet, but expect them to be issued as soon as they arrive at the training camp.

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer write to the Marmola Co., 864 Woodward Ave., Detroit, Mich.) for a large case of Marmola Prescription Tablets. 75c is the price the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.—Advertisement.

COST OF LIVING IN THE LARGE CITIES

WASHINGTON, Oct. 22.—A comparison of food costs in the principal cities of the United States made public last night by the health department shows that the cheapest whole-some dietary for a family of five consisting of man, wife and three children, costs \$9.89 a week in Chicago, which is more than any other city in the country. The same standard dietary costs \$9.67 a week in New York City; \$9.25 in New York; \$9.14 in Boston and \$9.12 in San Francisco. The average for twenty-four cities and towns in the United States was \$9.43.

"The menus provided for at this figure are not especially tempting," the report says. "A really palatable dietary will cost approximately 25 per cent more than the price just quoted. A comparison of the prices charged in the different cities shows that both bread and meat are disproportionately high in New York City. If the people are really to economize they must cut down their present excessive consumption of meat."

Bromeo vs. St. Clair, 6 Rounds. Armory hall; tomorrow, 9 p. m. Seats on sale at Fred Harvey's lunch room and Hemenway & Moser's cigar store, Twenty-fifth and Washington.

PRAISES SAILORS BUT NOT LAND TROOPS

PETROGRAD, Saturday, Oct. 20.—Premier Kerensky on opening the Russian preliminary parliament today in the Marinsky palace made a ringing speech in which he said: "Russia wants peace by right but we never will bow our heads to force." This declaration was warmly applauded by the members of all political factions. His address was largely confined to an explanation of the military situation and a declaration as to the necessity of saving the country. He said: "We must fight only to save the country."

Premier Kerensky in the course of his speech paid an enthusiastic tribute to the valor of the Russian sailors, but said he could not say as much for Russia's troops on land. M. Avsenkov, chairman of the executive committee of the council of peasants' delegates, was elected president of the parliament by a majority of 288.

PEACE TERMS OF RUSSIANS

PETROGRAD, Oct. 21.—The Russian peace program, as drawn up by the central executive committee of the Council of Workmen's and Soldiers' Delegates in the form of instructions to M. Skobeleff, ex-minister of labor, its delegate to the Paris conference, consists of twelve articles covering the whole ground from Panama to Persia. Article XI demands the "neutralization" of the Panama canal and Article IX calls for the restitution of all colonies to Germany. The program of the central executive committee follows:

"First—Evacuation by the Germans of Russia and autonomy of Poland, Lithuania and the Lettish provinces.

"Second—Autonomy of Turkish Armenia.

"Third—Solution of the Alsace-Lorraine question by a plebiscite, the voting being arranged by local civil authorities after the removal of all the troops of both belligerents.

"Fourth—Restoration to Belgium of her ancient frontiers and compensation for her losses from an international fund.

"Fifth—Restoration of Serbia and Montenegro with similar compensation. Serbia to have access to the Ad-

riatic, Bosnia and Herzegovina to be autonomous.

"Sixth—Disputed Balkan districts to receive provisional autonomy followed by a plebiscite.

"Seventh—Rumania to be restored her old frontiers on condition that she grant to Dobruja autonomy and grant equal rights to Jews.

"Eighth—Autonomy for the Italian provinces of Austria to be followed by a plebiscite.

"Ninth—Restitution of all colonies to Germany.

"Tenth—Re-establishment of Greece and Persia.

"Eleventh—Neutralization of all straits leading to inner seas and the Suez and Panama canals. Freedom of navigation for merchant ships. Abolition of the right to torpedo merchant ships in war time.

"Twelfth—All belligerents to renounce war contributions or indemnities in any form, but the money spent on the maintenance of prisoners and all contributions during the war to be returned."

INSURANCE FOR FAMILIES OF DEAD

WASHINGTON, Oct. 22.—All hands in the military and naval service who perished with the lost American transport, Antilles, torpedoed and sunk by a German submarine October 17, came within the scope of the new war insurance law, the treasury de-

partment announced last night and thereby automatically carried insurance to the amount of \$5,000 each. This sum will be paid the families of the dead soldiers and sailors in monthly installments of \$25 each over a period of twenty years. It is in addition to compensations which will be paid to widows, children and dependent mothers of the men. A widow, for example, will be paid \$25 insurance and \$25 compensation, a total of \$50. While the \$25 insurance is a fixed maximum in cases where no application for insurance was made, the additional compensation varies from \$20 for a motherless dependent child to a maximum of \$75 for all dependents.

The insurance of \$25 a month will be paid under the section of the law providing for automatic insurance of all American soldiers, sailors and marines, without application, for 120 days after the publication of regulations providing for the issuance of policies. These regulations were published early in October and the time limit prescribed by law will not expire till February 12, next.

Approximately seventy persons went down with the Antilles. What percentage of this total is affected by the law at present is unknown, but will be determined upon receipt of advices establishing the identity of those who perished.

AMERICAN OFFICER WOUNDED.

WASHINGTON, Oct. 20.—First Lieutenant P. G. Hamlin of the medical reserve corps was wounded October 5 while engaged with British forces. His home is in Richmond, Va.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof We publish the formula of Vinol to prove convincingly that it has the power to create strength.

It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Casein.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.
